### A Message to all OL Employees

As we kick off the Logs Conference, you should be very proud of OL's accomplishments during the past year. This is an opportunity for me to thank all of you for the hard work, dedication, and innovativeness that enabled us to respond—often in record time—to the Agency's ever-increasing needs for logistics services.

The year since the last Logs Conference has been a momentous one for OL. Our employees have been challenged as never before; and letters of appreciation from the DCI, the DDO, the DDA, and numerous other Agency officials, along with two Meritorious Unit Citations, attest to the excellent support our Office has given to the Agency.

This is the most challenging and exciting time in the history of OL. We can expect the year ahead to continue to afford many opportunities to show our ability, preparedness, ingenuity, creativeness, versatility, and willingness to respond to requests for logistics services whenever and wherever needed. Our most important goal is to make the Logistics Career Service the best in the Agency.

I commend you for your outstanding efforts in the past and look forward to our sharing even greater success in the future.
